5. 3. Discussed [Redacted] case with Cmdr. Warner of the Navy Department, who insisted that he needed a copy of the contract and probably would need a letter from GAO signed by the Comptroller or the Assistant Comptroller. The matter will be discussed with Carl Friend and a letter forwarded in answer to the Navy's request. \*\*\*\*\* Mr. Friend of GAO has advised that while he would be willing to assist in the matter, GAO will not on its initiative write to the Navy Department. 6. Interviewed [Redacted] as a possible applicant for this office. [Redacted] had referred the case indicating that the individual's primary desire was to go into the intelligence field in overseas operations. [Redacted] expressed some interest in this office and if he later wishes to consider himself an applicant for the legal staff, it is my opinion he should be given consideration. (JSWarner)

10. Attended a meeting on GEHA with respect to the question of whether or not there should be an attempt to underwrite within the Agency the hospitalization plan. After considerable discussion it was generally agreed that expert advice should be secured by hiring an expert or consultant to examine the insurance problem involved with relation to the security aspects. The office of the DD/A agreed to assist in locating the qualified expert.
